

"We provide our clients with solutions, not just products.  
We give them peace of mind."

~ Zachary Gillman, President

*At Interstar, our customers  
come first. We pride ourselves  
with providing unmatched  
service and support.*

## ***GranastAR®***

### **GranastAR Granular Pigment for Ready Mix Concrete**

Why go with an imitator  
when you can go with the originator?

- Backed by nearly 20 years of tried-and-true experience
- Proven consistency and reliability
- Quality you can count on

### **Free-flowing (won't clog)**

- No dust
- No mess
- No waste
- No hassles

# Interstar Granular Pigment Dispensers

## Every color in stock, all the time

### The original granular pigment dispensers for ready mix concrete

- Nearly two decades of proven reliability
- Hundreds of systems operating worldwide
- No financial investment required

### Unparalleled technology

- Intuitive and easy to use; completely turn-key
- Precise metering weighs pigment to  $\pm 0.2$  oz (5 grams) for consistent results time after time
- All color formulations are stored in a database, allowing users to go back years later and reproduce a color to an exact match
- Pre-loaded with thousands of color formulas
- Program your own custom colors
- Compact, space-saving design
- Quick and easy installation, little to no maintenance required
- Lifetime warranty
