

Mulch Color

Dispensing System

GranastAR® Granular Pigment
for Mulch

Color while you grind

- Dramatically reduce total cost per yard by 30%-50%
- Will not wash out like liquid
- Grind and spread in the rain
- Drastically reduce coloring time
- Minimal labor required
- No need for expensive equipment (and costly fuel)

Granastar granular pigment is the most vibrant pigment on the market. Granastar's intensity means less pigment is needed to achieve the desired color.

Use less pigment and water, produce faster, and reduce labor and transport costs.

- 33%** less pigment per yard
- 86%** less water per yard
- 99%** shorter drying time
- 50%** reduction in labor costs
- 17%** reduction in transport costs

Granastar granular pigment is ground into the wood with very little water, creating colored mulch that is dry to the touch.

No Mess. No Waste. Interstar's dispensers are the cleanest, greenest, easiest solutions on the market. Call today for more information.
